

ENGINEERING CAPABILITIES

Drafting and Modeling

- 2D and 3D Modeling
- Wiring, Loop and Instrumentation
- Diagrams
- General Arrangements
- Bill of Materials

IT & Data Management

- Database Development & Administration
- SQA, Coding, Testing and Programming

Laser Scanning

- As-Built Facilities
- 3D Conversion and Modeling

Engineering

- Field Service Engineering
- Technical Documentation
- Design Change Instructions
- Review and Approve Drawings
- Field Modification Instructions
- Electrical Load List
- Instrumentation Data Sheets
- Foundation Calculations
- Fluid Analysis
- Pipeline Stress Analysis & Integrity
- Structural Analysis
- Finite Element Analysis
- Plant Assessment Support
- Requisition Engineering

Programs **Axiem International** currently supports **Worldwide.**

- Balance of Plant
- Wind Turbine Engineering
- Digital Energy
- Oil and Gas Engineering
- Controls Engineering
- Gas Turbine Engineering
- Steam/Generator Engineering
- Industrial Products
- Automotive
- Aerospace
